The Department of Natural Resources (DNR) has issued a Public Notice of the Preliminary Decision for the Nenana-Totchaket Agriculture Phase One proposed land offering. DNR will be holding two meetings in order to facilitate discussion and hear from interested parties in Fairbanks, Nenana, and other communities. Because of the importance of social distancing due to COVID- 19, DNR is offering simultaneously both an in-person and live stream via Microsoft Teams of the April 20, 2021 public meeting being held in Fairbanks. Using the Teams link will allow participants to submit questions via chat messages. This method is encouraged and will help moderators keep track of incoming questions and give everyone a more focused meeting. The meeting will be recorded for DNR records. The April 21, 2021 meeting in Nenana will be in-person only. Use of face masks or face coverings is strongly encouraged for in-person attendees. The meetings will consist of a short presentation, followed by a question and answer session.
